PERSONAL DATA

Gender : Male
Marital Status : Single
Nationality : Cambodian
Birthplace : Kom Pong Cham Province
Birthdate : July 30, 2002

OBJECTIVE

To obtain a position or internship in web development where I can apply my front-end and/or back-end skills, gain practical experience in building responsive and user-friendly websites, and contribute to real-world projects while continuing to learn and grow as a developer .

PROFILE

I am a dedicated and motivated 4th-year student pursuing a Bachelor's degree in Information Technology at ITC, with a strong interest in web development. And I've built a personal portfolio to showcase my academic and personal projects in web development. “ <https://my-portfolio-ten-flax-35.vercel.app/> ”.

EDUCATION

Institute of Technology of Cambodia Phnom Penh *Oct. 2021 – current*
Information Technology and community (5-year program)

Hun Sen Chamkar lue High School *graduated 2021*
Grade C Student of academic year 2020-2021

EXPERIENCE

Web Development:

- [Academic Project-Bookstore Web App](#) (School collaboration project):
 - o Developed a bookstore management web application using **Vue.js** for the front-end and **Laravel** for the back-end.
 - o Built interactive UI components with Vue for browsing, searching, and filtering books.
 - o Implemented back-end logic with Laravel, including product CRUD operations and user authentication using **Sanctum**.
 - o Containerized the entire application using **Docker** for a consistent development environment.
 - o Set up MySQL database and connected it via Laravel's Eloquent ORM.

- o Used **Axios** for handling front-end API requests and **Git** for version control.
- o Focused on responsive and accessible design to ensure usability across devices.
- Personal portfolio:
 - o Developed a portfolio web application using Vue.js, featuring dynamic and interactive user interfaces
 - o Utilized Pinia for state management and Vue Router for seamless navigation.
 - o Optimized performance with lazy loading and efficient component handling.
 - o Focused on responsive design to ensure accessibility on various devices.

SPECIAL SKILLS

- **Front-end Development:** HTML5, CSS3, JavaScript, TypeScript, Vue.js, React.js, Responsive Web Design, RESTful APIs
- **Back-end Development:** PHP, Laravel, MySQL, Authentication (Sanctum), API development
- **Version Control:** Git, GitHub
- **Tools & Platforms:** Visual Studio Code, Postman, Docker, Laravel Artisan
- **Soft Skills:** Teamwork, Problem-solving, Communication, Eagerness to Learn
